The

SENIOR CLASS

of

HARRIET WHITNEY VOCATIONAL HIGH SCHOOL

Present the

1949

First Lady

FOREWORD

Hands play a vital part in all we do. Since our dedication is to Miss Cleo Murtland, who has not only done much in vocational training, but who has many and varied interests herself, we are using hands as our theme in this tenth year of Whitney's existence. Here, we use hands in expanding our knowledge of the trade we are learning. We work with our hands, doing the things we like and practicing the skills which we use in our work. From hand dexterity grow some cultural interests.

Miss Murtland, who has always been interested in working with girls, enjoys as hobbies, gardening, sewing, working with foods, all of which require the use of hands.

Miss Cleo Murtland

DEDICATION

The class of 1949 are proud to dedicate this issue of First Lady to Miss Cleo Murtland.

Miss Murtland was born on May 23, 1873, in Millersville, Pennsylvania. She attended Indiana State Normal College, and graduated from Slippery Rock Normal College in 1895. After completing her course in education with a Bachelor of Science degree from Columbia in 1917, she obtained a Master of Arts degree also from Columbia in 1921. Not only did Miss Murland teach in different trade school for girls, but she was the first woman ever to receive the rank of full professor at the University of Michigan. In her classes, to prepare teachers for positions in vocational schools, such as Whitney, Miss Wooden was a trainee. She had been principal of Worcester Trade School and Philadelphia Trade School for Girls before going to Michigan.

Since this is the tenth anniversary of Whitney, we think of Miss Murtland and all she had done for us in forwarding the cause of trade education. Now retired, Miss Murtland has many divergent avenues of activity. One of her main interests has always been and still is job training for women. She has also done work in recreational centers, the Y.W.C.A., organizations concerning vocational guidance. As hobbies, Miss Murtland enjoys gardening, sewing, reading, foods, religion, and her numerous friends.

Because we use our hands in all we do and because we have so many varied interests that help make us well-rounded people, we are happy to dedicate this 1949 First Lady to Miss Cleo Murtland, whose achievements have concerned so many young people like us.

JOANN REED, *Editor*

THE HELPING HAND

To the class of 1949, my sincere best wishes.
You have chosen the interesting idea of "Hands" for your 1949 First Lady theme. You picture busy hands, hands at work, hands at play, hands at the typewriter, the sewing and permanent wave machines, the cook stove. Busy hands are capable hands.
The world is in need of another hand, the helping hand.
It is not enough to consider material use without spiritual value. At Whitney, we have tried to encourage both qualities. As you develop skill we make every effort to nurture in you the ability to get along with people, to be democratic in your outlook, to help others over hurdles.
Our good wishes for the future go with you. If you have promoted the growth within yourself of these other values; if you have the helpful hand as well as the skillful one, you need not fear.
That security which we all seek is within your grasp.

ETHEL WOODEN, *Principal*

Miss Ethel Wooden

Cleona
Shetister

FACULTY

Back Row: Garnet Thompson, consumer education, commercial geography and store; Freda Schneider, foods; Susannah West, child care and tearoom service; Mildred Peckman, power machines; Dorothy Nicklin, American History and English; Dorothy Jacoby, office machines; Marian Vietmeier, foods; Elizabeth Rudolph, social problems and American History; Jane Frost, art; Helen Daily, applied science, nutrition and chemistry; Ardis Atwell, health education; Ann Murphy, English and American History.

When it comes to boys, she's on the beam;
as a student, she's really keen.

IN MEMORIAM

In memory of Edith Sotherland and Patricia Grannis who have passed away during this year. Mrs. Sotherland will always linger in our memory because she did so much for each girl individually through her work in the office at Whitney. Patricia Grannis was a senior office practice girl and her quiet, pleasing manner endeared her to all her classmates.

OUR FRIENDS BEYOND

They have passed from our vision;
Yet we question not God's decision.
In our hearts they remain as dear
As if they were still with us here.

Our memories of friends number high.
While thinking on them you need not sigh;
They are somewhere in that careless beyond,
Free from life's troublesome entangling bond.
